PROFILE

I am a second year software development student in TalTech and I am actively looking for software development internship to kickstart my career. I have studied multiple technologies, like Java, .NET, Python etc., in university, and I am eager to learn and start utilizing my knowledge in a workplace environment. I am looking forward to working hard to advance my skills and become a valuable member for any software development team.

EMPLOYMENT HISTORY

Aug 2020 — Present

4th course student

MOTIVATION

As someone who is constantly seeking to grow and learn, I am eager for the opportunity to work with a team that values excellence and is committed to achieving the best possible outcomes. It is important to me, that I always get better and more efficient at my job. At the starting point of my career I definitely value experience over salary, with my main focus being proving myself valuable for the company.
